TWENTY-FIRST YEAR

EARLINGTON, HOPKINS COUNTY, KY., THURSDAY, APRIL 14, 1910

No. 15

EARLINGTON SCHOOL DISTRICT ENLARGED

Both White and Colored Hecla Schools Consolidated With Earlenton.

Decided These Advantages Far Outweighed the Matter of Distance.

Financial Report—School Desk Award Five New School Houses Authorized.

The County Board of Education had another busy day on Monday when the regular monthly meeting was held at Madisonville. There was but one member of the board absent.

The most important action taken at the meeting was the naming of Supt. Fox, T. M. Slaton and Paul M. Moore as a committee to have suitable plans prepared and to let contracts to the lowest bidders for the erection of new school houses in the following Sub-districts: Grapewine, No. 50; Clements, No. 50; Copperas Springs, No. 49; Comin, No. 58; Cavanaugh, No. 26; and an additional room to Howell, No. 33.

The treasurer of the board made financial report to April 11, 1910, which was, in brief, as follows:

Receipts	
Total receipts from tax funds	\$8,451.54
Total receipts from other sources	985.05
Grand Total	\$9,440.49

Disbursements	
New buildings, etc.	\$2,500.45
Sites, etc.	121.50
Repairs to buildings, etc.	705.70
Pensioning schools	1,353.83
Notes paid	1,590.28
Back claims and High School tuition	645.14
Incidentals 1909	307.92
Various other items	750.46
Grand Total	\$8,026.28

April 11, 1910, balance on hand	
	\$15.21

\$9,440.49

The Board inquired carefully into the condition of the Hecla school district, with reference both to the white and the colored schools, and after hearing statements from E. L. Foard, trustee of that sub-district, and Paul M. Moore, chairman of the Second Educational Division, as to number of pupils, condition of school property at Hecla, distance to the Earlenton school house, and character of the Earlenton schools as now organized, the board members reached the unanimous conclusion that the Hecla sub-district should be consolidated with the Earlenton district, and took official action ordering this consolidation. Mr. Foard and Mr. Moore both made it plain that there was opposition to this consolidation, because of the distance, but the Board thought the other considerations outweighed the distance. The conclusion was reached that the superior educational advantages afforded by the splendidly organized graded schools of Earlenton, with fine modern buildings and equipment, outweighed all other considerations.

School furniture was examined during the afternoon and bids opened for supplies for the year 1910-11. The result was that the contract was awarded to the Economic School Supply Co., of Nashville, Tenn., as the lowest bidder.

An interesting incident of the con-

tract was that the bid was

COMET SEEN; MINUS TAIL

Appears Just Before Dawn, But Not Yet Bright Enough to be Seen by Naked Eye.

Halley's Wanderer Watched From Yerkes Observatory

day was the offer of Mr. Mason-cub, of Copperas Springs sub-district, who has but one child and is a man of quite moderate circumstances, to give to the Board free of charge an acre of land, to be selected by the representative of the Board and to include a spring, if they would order a new school house built and continue the school in that sub-district. This sub-district did not have a school last year, for lack of sufficient number of pupils, but has this year the required number, but school could not be continued in the old house. The Board declined to accept the lot without compensation and allowed \$30 to cover cost of changing line of fence to get out the lot for school.

Provisions for water supply at three school houses was authorized. The next meeting will be held Monday, May 5th.

NEW FIRM FOR EARLINGTON.

Ideal Variety Store Opened Today in Victory Building.

The Ideal Variety Store, owned by Guirl & Co., opened for business today in the Victory building, next door to Tappan & Gardner. Their stock consists of chinaware, glassware, enamelware, tinware, light hardware, hair goods, jewelry, notions, etc., and is sold at popular prices, most articles being at 5, 10 and 25 cents, and all of them bargains. The Guirl brothers come to our town well recommended and should receive the patronage of everyone in need of any of the above named articles.

Loch Mary Water Supply.

The following is the report of the water supply published by the insurance papers, but since this lake has been enlarged and now covers 151 acres of land and the power through the city is greater. We have a water works system that any city has reason to be proud of, and we are proud of it, and our volunteer fire department cannot be bested in any small city in the State.

WATER SUPPLY—Sonrice, lake, 1 mile from business center; system; pump to res. and direct; res. cap., 100,000 gals.; 2 pumping engines, cap per day 120,000 gals.; constructor Cameron; mias.; iron, 8 miles, 4 to 8 miles; 10 hydrante; mesive, total number 800; Keystone 100; Treadent 100; owned by Co. 775 services; pipe, wrought iron; pressure, dom. 20 to 45 pounds; weight, 45 pounds; works belong to Co.

A Complete Success.

The Shirt Waist Bazaar given by the ladies of the Christian church at the rink Thursday night was a complete success. The gross receipts were in excess of \$100 and the supper was well attended. These ladies deserve great credit for their work among the poor in our city.

Rink to be Used as Armory.

The rink is being fixed so it can be used as an armory by Cn. G. K. S. and, it will then be the best armory in the State outside of Louisville and the larger cities. This will no way interfere with the rink for skating, as the rink used will not conflict.

WILLIE DOCK STANFIELD DEAD

Engineer on Through Freight Killed by 52 at Nortonville.

REMAINS BROUGHT TO EARLINGTON—BURIED AT NASHVILLE.

Chicago, April 12.—Minus its tail, its luster dimmed to a point below the light of a sixth magnitude star, but rushing earthward at the exact place its schedule prescribed, Halley's comet returned to the ken of astronomers this morning, and for more than half an hour before dawn was watched from Yerkes Observatory at Williams Bay, Wis., by Professors Frost and Bernard, working independently.

It was still to be seen when the dawn was quite bright, according to Professor Frost, who observed it through the 12 inch telescope, being plainly seen within half an hour of sunrise. In a dark sky it would now be visible to the naked eye, Professor Frost said, but being so near the horizon until the dawn light begins to appear the slightest unfavorable condition of the atmosphere blots it out.

While he refused to make any predictions, Professor Frost said the comet very probably would not be seen by the naked eye until it comes into the evening sky next month.

Mystery in Lost Tail.

That the spectrum may show what has happened to the apparently lost tail of Halley's comet is the belief held by Professor Frost.

"It is worth noting that when it was here before, in 1835 the tail disappeared two days before perihelion, and was not seen again for two months," he said. "Halley's is the only comet ever known to behave like this. It is probable that the tail is there, but is so dispersed that it is not bright enough to be seen."

"The theory of its being foreshortened or the head being between us and the tail is altogether untenable. A comet's tail always points away from the sun and if there have been any pictures printed in which this was not the case they are incorrect. Sometimes a second tail appears, and this freak tail always points toward the sun, but the main tail always points away.

"If the tail is there and is merely invisible to our eyes the spectroscopic might show it. There was, of course, no such instrument when the comet was here in 1835. We hope to be able to use the spectroscope on it in a short time and may prove that the tail is present by this means." The fact that the spectroscope did not reveal its presence would not necessarily mean that the tail is not there, however, for it might be too dim even for that instrument.

Appearance as Was Expected.

"This was the first perfectly clear morning we had for some time, and the comet was plainly to be seen from 4:15 o'clock until half an hour before sunrise, when it could still be seen in spite of the strong dawn light. It was not much dimmer than we had expected to find it, though it was not so bright as was hoped last year.

"Here we never predicted that it would be brighter than the fourth magnitude, though some optimists had said it would equal a first magnitude star in brilliancy. It was slightly dimmer than a sixth magnitude star this

THE BAPTIST INSTITUTE CLOSED

Friday Night, After an Interesting Session.

INTERESTING AND INSTRUCTIVE PROGRAM WAS RENDERED.

(Continued.)

The five days session of the Baptist Institute at the Baptist church closed Friday night. Every session was marked by increased spiritual power and enthusiasm. Every speaker, in his own unique originality, presented some phase of the great doctrine of God and His saving grace.

The meeting was greatly enjoyed by all who attended, and it seems to be the universal opinion that the Bible Institute has accomplished a great deal of good, which verifies the promise of our Lord that His word shall not return unto Him void, but it shall accomplish that whereunto it is sent.

All of the speakers on the program were not present, but the others were prepared for that and readily filled in the program, so that ev'ry hour was filled by an interesting discourse.

The institute was opened by the pastor, Chas. S. Gregston, promptly at 2 o'clock Monday.

At 2:30 "The Pastor and His People" was ably presented by Rev. J. A. Kirtley, pastor of the Madisonville Baptist church.

In the absence of Bro. J. D. Adcock, Dr. J. D. Maddox, of Owensboro, took the second hour of the evening program, presenting with great tenderness and pathos, "The Sacrifice of Christ for Sin."

At 7:30, Dr. Maddox presented an interesting article on "Baptist in History," showing by numerous quotations from various authors that Baptist principles and tenets of doctrine have been declared in all ages from "John The Baptist" until now, and that in every age some of them have suffered violence at the hands of their enemies for their faith.

At 8:30, Dr. Maddox presented an interesting article on "Baptist in History," showing by numerous quotations from various authors that Baptist principles and tenets of doctrine have been declared in all ages from "John The Baptist" until now, and that in every age some of them have suffered violence at the hands of their enemies for their faith.

Tuesday morning, 10 o'clock, Bro. J. A. Kirtley clearly set forth the "Bible Doctrine of Repentance," showing that it is the imperative duty of every man to repent and turn to God.

At 10:45, "Soul Wining, the Business of the Christian," was presented by Pastor C. W. Knight, of Morganfield, showing clearly that soul winning is the life work of every child of God.

Tuesday afternoon, 2 o'clock, Bro. W. E. Hunter, of Princeton, spoke on "The Bible the Ultimate Authority in Religion," showing with power and demonstration that the "Bible" is the only authority or standard, in all spiritual matters.

At 3 o'clock "The Sabbath and Its Abuses," was presented in a very attractive way by Pastor O. M. Shultz, of Livermore. In the absence of Bro. W. J. Mahany, Bro. C. W. Knight spoke on the subject of "Sin," in such a way as to make every one feel the exceeding sinfulness of sin.

Wednesday morning at 10 o'clock, The Lord's Supper was presented in a very attractive manner by Bro. O. M. Shultz.

At 10:45, Pastor H. B. Taylor, of Murray, presented the doctrine of "Adoption," as many never heard it before, setting forth the grace of God in adoption as a fundamental doctrine of the gospel.

At 2 o'clock, Bro. Knight presented with power the teaching of God's word on "The Preser-

vation of the Saints."

At 5 o'clock, Bro. J. D. Maddox gave an interesting discussion on "Church Discipline."

Wednesday night, Bro. H. B. Taylor spoke on the subject of stewardships, showing that we are only stewards of our God and all that we possess is only held as a steward of our Lord.

Thursday morning, 10 o'clock, we were delighted with the discussion of the subject of "Baptist and Education," by Prof. F. D. Perkins, President of Bethel College, Russellville.

Bro. J. A. Kirtley presented "Baptism" as Baptists believe the Bible teaches it.

Thursday afternoon, Pastor C. H. Gregston, of Clay, presented "The doctrine of the Apostles" and showed that that doctrine is still upheld and proclaimed from every orthodox Baptist pulpit.

Everybody interested in the Sunday school work enjoyed hearing Prof. F. D. Perkins in his able discussion of the "Sunday School Teacher Before Her Class."

Thursday night, the audience was deeply interested in the discussion of "Christian Union" by Dr. J. G. Bow, of Louisville. He is in favor of unity as the Bible teaches it.

Friday morning, the "Second Coming of Christ" was ably discussed by Bro. W. E. Hunter, showing what the Bible teaches on this subject of great importance.

"Christian Doctrine" was the subject of another splendid address by Dr. Bow.

In the absence of Bro. J. D. Adcock, Dr. J. D. Maddox, of Owensboro, took the second hour of the evening program, presenting with great tenderness and pathos, "The Sacrifice of Christ for Sin."

At 7:30, Dr. Maddox presented an interesting article on "Baptist in History," showing by numerous quotations from various authors that Baptist principles and tenets of doctrine have been declared in all ages from "John The Baptist" until now, and that in every age some of them have suffered violence at the hands of their enemies for their faith.

Friday night, the subject, "Salvation and Rewards," discussed by W. E. Hunter, was a fitting climax to this interesting week of service.

The writer would like to say more of each speaker and his subject, but time and space will not allow it.

E. A. C. Organize Baseball Club.
The E. A. C. have organized a baseball club and their first game will be with the Madisonville High School April 20. The regular line up is as follows:

Curtis, c.
Mitchell and Spillman, p.
Foley, first b.
Finley, second b.
Lamont, third b.
Stokes, ss.
Chatten, lf.
Stone, rf.
Fugate, cf.

On account of the absence of some of these, they will be compelled to fill in for their first game. Will Fugate is manager and is open for any game from surrounding teams. A telephone call at their club room will reach him.

Shiner Party Leave for New Orleans.

The following people of Earlenton left Saturday night for New Orleans to attend the Shriners' meeting: Mr. and Mrs. W. S. McFay, Mr. and Mrs. J. R. Rash, Mr. Jim Hogan and lady, Mr. Carl Woolfolk, Mr. Dave Cowell, Mr. Ellsworth Evans, Mr. W. E. Oakley and Miss Molina Stodghill, who accompanies her cousin, Miss Bradie Stodghill, of Madisonville. They went in the Madisonville sleeper and will return in a week or ten days.

NOW OPEN

THE - IDEAL - VARIETY - STORE

This week we are featuring many special opening bargains at **10c**

News of the Town

Goodrich leads for photographs.

Paul M. Moore is having his hand-some home, Oakmoor, repainted.

J. R. Dean has been confined to his home for a few days on account of rheumatism.

You can get your horses shod at Newton's shop, Earlington, Ky.

14-2t.

The band concert at the rink Saturday night drew a large crowd. These boys have just received a lot of new pieces.

The Fighting Parson at the opera house Tuesday night will draw a large crowd, as this is one of the best shows on the road.

For SALE—A grand new, hand-made wagon at Newton's shop. Made of the very best material throughout. Size 8x9 true skeins. 14-2t.

Garland Bradley, of Madisonville, is visiting his brother, Wm. Bradiey. Mr. Bradley has been in ill-health for some time, but is improving.

The Peoples Bank of Earlington has opened one or more new accounts every day for the past three months, and they are not losing any old ones.

Young Allen, formerly State agent for the Louisville Post, has been secured by THE BEE as collector, and will call for your subscription.

The Earlington cemetery, is in better shape than it has been in years, but to keep it that way takes funds and when they come to you for a small donation give it with a cheerful heart. The city of the dead must be kept in good shape.

I think true love is never blind, But rather brings an added light; An inner vision, quick to find The beauties hid from common sight. —Phoebe Cary.

Typewriters for sale and rent. W. J. Bailey's. 11-4t.

Thos. Cansier has his pool room thoroughly overhauled and presents a nice clean appearance.

Watch our prices on staple groceries. Best eating potatoes, per bushel, 75¢, per peck, 20¢, at David Adams'.

The sound of the hammer is heard all over the city. More work is being done this year than for several previous ones.

Quite a number of members of Victoria Lodge No. 81 of K. of P. of this city will attend the convention at Hopkinsville Friday.

The alarm of fire Friday night was caused by a lamp overturning at the home of Henry Tresh. It was soon extinguished and there was no loss.

The condition of Earlington, from a standpoint of health, morals and finance were never better. We have the best town in Kentucky for its size.

A complete line of steel buggy tires, shafts, single trees, spokes and rims, cross bars and all kind of buggy fixtures at Newton's shop, Earlington, Ky.

W. H. Leahy, who has been a resident of this city for the past two years, will move his family to Howell, Ind., Saturday, where he has a position as conductor on one of the through runs.

The officers of the State Guard have been ordered to Fort Ben-Harrison July 18 to 23 inclusive, for instructions, preparatory to the regular encampment at that place in September. Earlington has five officers in the Third regiment who will be included in the order.

Pianos for sale and rent. W. J. Bailey's. 11-4t.

Lost—A pair lace handkerchiefs. Finder will be rewarded by returning to The Bee office.

Miss Ruth Wyatt has charge of W. S. McGary's news stand during his absence in New Orleans.

Farmers, you can get your plow stocked or sharpened; also get new handles at Newton's shop, Earlington, Ky.

Robe Davenport, an old citizen of this place, now living in Howell Ind., spent several days last week in the city.

Ramsey Bainbridge, who has been working in Nashville, for some time, has returned to his home in Madisonville.

Nathan Priest, of Elinton Ind., son of Esquire Priest, returned home Sunday, after a week's visit to his parents.

Mrs. E. C. Bourland and Miss Jesse Bourland, of St. Louis Mo., spent Friday in the city as guests of Mr. Dick Griffin.

Misses Nora and Cordia Frederick of Liberty Webster county, who have been visiting relatives here, returned home Tuesday.

Mrs. A. J. Bennett, who has been visiting her daughter, Mrs. Hugo Griffin, of Fox Run, for several days, returned home Sunday.

Dr. J. L. Gummert, of Detroit Mich., who has visited his friend Mr. M. H. Long for the past six weeks, returned home Monday.

Jas. Griffin, of British Columbia, who has been visiting in this and Christian county for the past two months, will return home tomorrow.

IMITATORS ON EVERY HAND.
Though a nation famous for imitation to a great extent, we are imitators. The inventor of a new path finds himself crowded off, so many rush to follow in his footsteps. The scramble to cultivate new fields becomes so great that the soul is soon exhausted. Markets become glutted and stagnation results. One man makes a happy hit, thousands imitate him. There is a dampening and then failure. Inventions are imitated.

COTTONSEED MEAL BREAD.
Bread made of cottonseed meal is one of the unusual things which was seen exhibited at the fair. The specimens which were sent by a Texas cottonseed oil mill man, who says the bread is to be used extensively in his state. The taste of the stuff is as good as a piece of granola bread.—Vicksburg Correspondent New Orleans Times-Democrat.

Good News

"I write to tell you the Cardui has helped me so much and I think it is just worth its weight in gold," writes Mrs. Mary Ann Marshall, of Wadsworth, Ga.

"I do hope and trust that ladies who are suffering as I did, will take Cardui, for it has been a God's blessing to me, and will certainly help every lady who is suffering."

Take CARDUI

The Woman's Tonic

No matter if you suffer from headache, backache, pain in arms, shoulders and legs, dragging-down feelings, etc., or if you feel tired, weary, worn-out and generally miserable—Cardui will help you.

It has helped thousands of other weak, sick ladies and if you will only give it a trial, you will be thankful ever after.

ADDITIONAL LOCALS

J. B. Dean, St. Bernard butcher, paid, last week, the highest price ever paid for best cattle in this city. He paid \$41.25 for one beef, making it a record price.

A complete line of wagon material at Newton's shop, both in wood stock and wagon hardware. Will do work while you wait, and all work guaranteed.

1441.

A letter from Green Gill and Enos Davis, who are living near Dahlart, Texas, says they are both in good health and that country fine. Crops are very good.

P. B. Davis, Jr., caught in Loch Mary, Monday, eight green bass, averaging more than a foot long and one that tipped the scales at four pounds and 9 ounces.

Mr. W. S. McGarry will have at the rink, April 15, the Wolgast-Nelson fight, with moving pictures. These are the real pictures and should be seen by all lovers of the manly art.

The fine weather Sunday brought out all the horses and buggies. Everyone that could were out driving. The road between here and Madisonville was crowded all afternoon.

C. M. Heury, who has been ill health for the past two months, left Monday for Hot Springs, Ark., for a three weeks' course of treatment and to take the famous baths at that place.

Walton Perry left Monday for Louisville, where he goes to have an operation performed on his eyes. Gilbert King, of St. Charles, will work in his place in the St. Bernard drug store.

Frank D. Bash and Henry Browning in were Louisville a few days last week, where they took the Scottish Rites degree in Masonry. There are only about six members of this country.

Newspaper flour, \$6.50 per barrel; 48 pound sack patent flour, \$1.70; 24 pound sack parquet flour, 85¢; exchange flour per barrel, \$6.00; 48 pound sack, \$1.60; 24 pound sack, 80¢, at Davis' Adams.

Gallon buckets, 35¢ per gallon; half gallon 20¢; meal, 90¢ per bushel; five bushel basket, 15¢; chop, \$1.65. We always have on hand butter and eggs at the lowest market price a. David Adams.

An officer of the regular army will inspect the local company here April 18 and every member is expected to attend or have a written excuse from a doctor. Company G has in the past held the record for attendance and efficiency and it is to be hoped that they will not fail through this time.

Would be Weston came through the city yesterday, wheeling a barrow walking from Los Angeles, Cal., to Boston, Mass. He left Los Angeles October 1 and expects to reach Boston by August 1, returning to the Western coast at the rate of 40 miles per day, bearing the cost of his journey.

He makes a happy hit, thousands imitate him. There is a dampening and then failure. Inventions are copied.

COTTONSEED MEAL BREAD.
Bread made of cottonseed meal is one of the unusual things which was seen exhibited at the fair. The specimens which were sent by a Texas cottonseed oil mill man, who says the bread is to be used extensively in his state. The taste of the stuff is as good as a piece of granola bread.—Vicksburg Correspondent New Orleans Times-Democrat.

SOCIAL EVENTS.

The dance at Webb's Hall Thursday night was well attended and all enjoyed themselves highly. These impromptu affairs are also given every Saturday night after the band concert at the rink, and several of the Madisonville young people are attending regularly.

Among those who attended the dance given at the Mills' Hall in Madisonville Tuesday night were Dr. Gilbert King, Jas. Maloney, Jewell Webb, R. E. Brooks, Miss Richie Stone and W. E. Daves and wife. The Henderson band made music for the occasion and all enjoyed themselves.

The East End Card Club met with Mrs. C. B. Johnson last Friday afternoon and a most enjoyable meeting was the result. Mesdames Donahue and Randolph, and Misses Zilph Moorehead and Kathleen Spillman were guests of the club. Mesdames Geo. Atkinson, O. B. John and Miss Zilph Moorehead made equally high scores.

The La So Con Club was entertained Friday night by Miss Blanche Siek. Early in the evening the hostess requested that the La So Cons prove their ability as letter writers. There were some very unique and interesting results. Judging from the contents of the letters there are some good times in store for the La So Cons. If there is anything in the "Wishing Well?" Dame Fortune is with them. The pleasure of the social hour was added to by the rendering of a little "ditty" to the La So Con, sung to the tune of "Streets of Cairo" by one of the club members; said "ditty" having been composed by a prominent young bachelor about town. As the La So Cons are inclined to words secretly they will adhere strictly to their rule and withhold the name. A two course luncheon was served.

La So Con Club.
Recently a party of tourists were staying the Louvre. By mistake one of the guides carried one of the lions of the Luxembourg. Upon being confronted by a fantastically modern nude study with a black cat in the background, she turned to the corresponding number and complimented him on his skill. "This is Whistler's mother,"—Brooklyn Life.

Varying Names of Nation.
Spain, to which we owe so large a share of names in the new world, is Espana to the Spaniards themselves, Spagna to the Italians, and Espagne to the French.

Peanut Cake for Cattle.
Peanut cake seems to be supplanting cotton seed cake as the preferred food for Swedish cattle.

Varying Likelihood.
Old Lady (on being congratulated on her hundredth birthday)—Ah, I shall never forget this day as long as I live.

Most Welcome Gifts.
Those gifts are ever the most acceptable which the giver makes precious—Ovid.

SLUG PICTURES

Probably no greater surprise was ever given the sporting world than the one handed out on Washington's birthday, when the lightweight champion of the world title was wrestled from Battling Nelson by Ad. Wolgast in the fortieth round of a brutal combat. The sporting world at large was unable to figure Wolgast, a well known fighter, but at the same time considered no match like it the greatest surprise of modern times. Nelson has always been able to take more punishment than any fighter of his class and even in the fortieth round when referee Eddie Smith stopped the battle, the "Durable Dave" was forcing the fighting and rushing blindly into Wolgast's stinging jabs.

The pictures of this fight are pronounced by prize ring experts to be the greatest ever taken of any ring battle. Every move and every detail of this great ring encounter is shown and the mammoth arena in which the battle was fought is excellently life-like.

A boxer, as the witness of the battle, prepares the audience for every move, and names off all the celebrities and spectacular features as they appear upon the canvas.

These pictures, the only ones authorized of the great battle, will be seen at the Opera House for one night's performance, Friday, April 15. Prices, 25 and 35 cents.

ST. BERNARD MINING CO.

INCORPORATED

NOTICE OF MEETING

The Annual Meeting of the Stockholders of the St. Bernard Mining Company will be held at the office of the Company in Earlinton, Kentucky, on Wednesday, May 11th, 1910, at 11 o'clock a.m., standard time, for the election of officers and the transaction of such other business as may legally come before the meeting, including the approval and ratification of all action of the Board of Directors and of the Executive Committee since the last annual meeting of the Stockholders of the Company.

By order of the Board of Directors,
Geo. C. ATKINSON,
Earlington, Ky.
Secretary.
April 1st, 1910.

Atchison Cat.

Stewart Nyhart, farmer, of Bartonsville, Monroe county, owns a set that sleeps on the back of a calf nearly every night. It is said that they are very affectionate toward one another.—Philadelphia Record.

The Philosopher of Folly.

"These political rings," says the philosopher of folly, "remind me of the signs on a shop door. On the outside it says 'Push'—and you've got to shove hard. But once you're on the inside it says 'Pull'."

NEW INVENTIONS.

A new windmill apparatus for generating electricity for farm use has been invented in England. A strong hatbox supplies the current when the wind is not blowing.

Copying American idea.

The American system of office towel service has caught on in several English cities, including London.

The Victims.

Parades as it may seem, the world surpasse of gold seems to be causing trouble only for those who haven't got any of it.

Festivals Worth Saving.

The forest fire fighting service of New York state costs \$10,000 a year and is worth the price.

Immense Drovers of Caribou.

The caribou of Alaska travel north every year in large herds. Some say that these droves number 1,000.

Electricity in the Stable.

Vacuum suction combs are now in use in stables to carry horses. An electrically driven fan produces the necessary vacuum.

Germany Taking to Peanuts.

A greatly increased consumption of peanuts in Germany is reported.

Most Welcome Gifts.

Those gifts are ever the most acceptable which the giver makes precious—Ovid.

Hot Pudding for Japan.
The Japanese have no puddings, in which milk and butter are essential, nor any dessert garnishes. Candy and cake stores abound in all their cities and villages, for tea and cakes are always set before every guest. The foundation of all their sweetsmeats is either finely ground rice flour sweetened or sugared beans. Sometimes the Portuguese make a Japanese sponge cake, which is much in favor. It is called kusakure.

Bess Multiply Quickly.
A hive which contains 10,000 bees February has 16,000 in March, 40,000 in April and from 60,000 to 80,000 in May.

SPECIAL EDITION TODAY.

The Bee's Special Coal Edition is out with this issue. It has been months in preparation and the time was necessary because of the magnitude of the work undertaken and the careful and artistic lines upon which it was planned. The finished result justifies all expectations for a carefully compiled and very beautiful and valuable work. The leading article, by Mr. C. J. Norwood, Chief Inspector of Mines and Curator of the Geological Department of the State of Kentucky, was eminently worthy of being published in magazine form by itself. Mr. Norwood is the first authority on these important questions as affecting the Kentucky field and his enunciations on these subjects are read with interest by geologists and mining men everywhere.

The Bee is peculiarly fortunate in having been able to secure this special article, written especially and brought up to the present day conditions, exclusively for this special number. In addition to this is another very valuable article, written by Mr. John E. Atkinson, President of the St. Bernard Mining Co., on Forestry and its relations to the mining industry. Mr. Atkinson is recognized as the leading authority on forestry in Kentucky and has taken special part in numerous conferences in state and nation, and addressed frequent gatherings on conservation of resources of forests and mines.

Besides these articles all the leading coal operators of the Western Kentucky Coal Field are represented in this number with descriptive articles on liberal display space and all most handsomely printed and illustrated with fine halftone engravings made for this edition from new and original photographs, most of which were made by Corbett, The Bee's own best photographer.

Leading manufacturers of machinery for mining, some of the more important banking institutions, wholesale and retail merchants and professional men, recognizing The Bee's unique position in the advertising field among the operators of this most important industry and their many thousands of thrifty employees, have come into this special number and occupy space in which they tell of their business and their wares and invite The Bee's readers and friends to remember them with a share of their business. These we heartily commend to our friends as men and concerns worthy of their complete confidence and of their patronage. They are friends of the coal miner and the coal operator. Remember them.

Aside from its beauty and substantial though passing interest to the casual reader this special number of The Bee may well be come a book of reference to all who are in any way interested in the coal operators of Western Kentucky, to all who have investments in coal operations, and to all capitalists, investors and active men who are now or may hereafter become interested in this coal field.

This edition, in addition to going to The Bee's subscribers and the coal people and leading business men generally, will be widely distributed and put on file in Commercial Club Boards of Trade and Libraries of Kentucky and surrounding states, put in possession of trade journals and the press and into the hands of capitalists and investors, in careful pursuance of the purposes announced by The Bee when this special coal edition was first announced. We believe it will do good and lots of it, and believe our readers and friends will think the same when they have scanned the pages of this beautiful number.

BOOSTERS AND BOOSTING.

We notice through the Gleaner that the Henderson Booster speech will arrive in Earlinton at 10:35 o'clock a.m. on Thursday, May 5, and the Boosters will be with us for thirty minutes, and our people will be glad to welcome our neighbors from up the road; and give them the glad hand; because they are our neighbors; and because they are our neighbors; and because any movement to boost any portion of Western Kentucky helps the whole of this section. The Bee has devoted the greater part of its best efforts for the past twenty years to exploiting the rich resources of Western Kentucky and a whole load of Hopkins country especially; and welcomes any effort that any body may make along the same lines. Just now the Bee's latest specific work along this line comes out under this date in the form of a very complete and handsome special edition issued in magazine form and covering the principal

coal operations of the Western coal field. We shall save a few of the handsome and valuable magazines for the wise and discriminating members of the Henderson Boosters Club—just to show them something real big, bigger than a hardware store or a buggy factory and more valuable than a brace of distilleries.

Bank at Nortonville Goes Into Liquidation.

Madisonville, Ky., April 12.—The First National Bank of Nortonville, which recently passed into the hands of Lou Rogers, of Lexington, and associates, has decided to liquidate, and ceased business Monday afternoon. The Farmers' Bank, of this city, will be liquidating agent.

Wedding at Madisonville.

Madisonville, Ky., April 12.—John William Daus, of Hanson, and Miss Wilfred Moore, of Lebanon, were united in marriage.

Will Duke and Alma Owens, both of White Plains, were married here.

ONE WEEK SPOT
Most Earlinton People Have a Weak Part and Too Often It's the Back

Everyone has a weak spot.
Too often it's a weak back.
Twinges follow every sudden twist.
Dull aching keeps up, day and night.

Tells you the kidneys need help—
For backache is really kidney-ache.
A kidney cure is what you need.
Doan's Kidney Pills cure sick kidneys.

Cure backache and urinary ill.

Earlinton people recommend the remedy.

■ Mrs. H. C. Smith, Earlinton, Ky., says: "I was afflicted with kidney trouble for years. I had severe pains in the small of my back and whenever I stooped or lifted, the attacks were particularly acute. My back ached at night, and when I arose in the morning, I was stiff and easily tired, felt languid, and was frequently troubled by headaches and attacks of nervousness and dizziness. I knew that my kidneys were disordered, as the secretions contained sediment and were much too frequent in passage. Learning of Doan's Kidney Pills, I procured a supply and received relief from the time I began taking them. The use of two boxes completely cured me."

Doan's Kidney Pills are a great help.

For sale by all dealers. Price 50 cents. Fosher-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Not Wanted in Calif.

Perhaps the foreign purchaser who recently wrote a London bookseller: "Please forward me a copy of Tennyson, but please not one bound in calf, as I am a vegetarian." Intended to employ the volume only as a food for thought. —Christian Science Monthly.

Millinery - Department

Yes, we propose to make this department a department that every lady in Hopkins county will always find it to her interest to visit.

We are every week receiving new hats, new shapes and new trimming; and as for style, quality and price, we can certainly make it worth your time to visit us for your new hats.

The very latest creations in hats can always be found in our store.

Special attention given to all orders, both to be trimmed and retrimmed, and satisfaction guaranteed. Just give us an opportunity to prove these facts to you by coming to see us

BARNES, COWAND & CO.

INCORPORATED

EARLINTON, KENTUCKY

THE EQUITABLE LIFE ASSURANCE SOCIETY OF THE UNITED STATES

NEW YORK, FEBRUARY 19, 1910.

TO POLICYHOLDERS:

The following synopsis of the Annual Statement, as of December 31, 1909, is submitted for your information:

TOTAL ASSETS	1909	1908
TOTAL LIABILITIES	\$486,109,637.98	\$472,339,508.83
Consisting of Insurance Fund \$393,223,558.00 and \$7,613,760.68 of miscellaneous liabilities for 1909.	400,637,318.68	391,072,041.88
The Insurance Fund (with future premiums and interest) will pay all outstanding policies as they mature.		
TOTAL SURPLUS	55,272,319.30	81,267,466.90
With an increasing number of maturities of Deferred Dividend Policies this sum will in time decrease.		
NEW INSURANCE PAID FOR (including additions \$3,852,143 in 1909 and \$3,640,621 in 1908)	110,943,016.00	91,362,101.00
This is an increase for the year of 21 1/2 per cent., and was secured at a lower expense ratio than in 1908.		
INCREASE IN OUTSTANDING INSURANCE IN 1909	8,869,439.00	
COMPARED WITH A DECREASE IN 1908		13,647,814.00
An improvement of \$22,517,253.00 as compared with 1908.		
FIRST YEAR CASH PREMIUMS (excluding additions)	3,774,321.27	2,724,976.59
This is an increase of 38 1/2 per cent. as compared with 1908.		
TOTAL AMOUNT PAID TO POLICYHOLDERS	51,716,579.04	47,861,542.69
DEATH BENEFITS	20,102,318.67	20,324,002.65
97 per cent. of all Death Claims in America were paid within one day after proofs of death were received.		
ENDOWMENTS	6,321,554.41	4,830,170.10
ANNUITIES, SURRENDER VALUES AND OTHER BENEFITS		
DIVIDENDS TO POLICYHOLDERS	15,683,665.88	14,696,364.16
1910 dividends to Policyholders will approximate \$11,000,000.	9,609,040.08	8,011,015.78
DIVIDENDS TO STOCKHOLDERS	7,000.00	7,000.00
This is the maximum dividend that stockholders can receive under the Society's Charter.		
OUTSTANDING LOANS TO POLICYHOLDERS	58,964,833.10	57,063,555.28
EARNINGS FROM INTEREST AND RENTS	21,074,013.95	20,636,405.61
OUTSTANDING LOANS ON REAL ESTATE MORTGAGES	97,532,648.03	97,570,767.22
TOTAL EXPENSES, including Commissions and Taxes	10,438,729.64	9,758,447.46

The average gross rate of interest realized during 1909 amounted to 4.50 percent, as against 4.45 percent in 1908, 4.39 percent in 1907, 4.26 percent in 1906, 4.03 percent in 1905, and 3.90 percent in 1904.

The condition of your Society is constantly improving. The growth of new business at a reduced expense ratio and the increase in outstanding insurance manifest public recognition of the fact.

PAUL MORTON, PRESIDENT

HENRY J. POWELL, Manager
EQUITABLE BUILDING, LOUISVILLE, KY.

PRINTER'S INK SPELLS

We Make It SPELL for YOU at Prices
So Low They Will Astonish You

Come and Get Those Letter Heads You Have Been Needing So Long

Chief Officers in the Ozarks.
Remember, says an Ozark sage, that when you refuse to try a piece of a woman's cake she feels as badly hurt about it as a man does when you decline an invitation to go out and have his new bird dog—Kansas City Star.

The Demon of the Air.
In the genus of life-principles are as follows, bringing suffering to thousands. Its after effects are weakness, nervousness, lack of appetite, energy and ambition, and difficulty in getting along. The only way to get rid of them is to get into the house of come-moms.

Parliament a Refuge.
Down to 60 years ago a seat in the British parliament was a prize much sought for by men who found themselves beset by importunate creditors, inasmuch as in those times no civil action could be taken to bring suit against an M.P. When this privilege occurred, this privilege of course was automatically annulled, a fact of which the creditors hastened to take full advantage. Disraeli once wrote that the only way to keep some men out of the house of correction was to get them into the house of commons.

14 of Pound a Week

at least, is what a young baby ought to gain in weight. Due to Dr. Thomas' Electric Oil. Takes the instant of course burns or bruises at once. Pain cannot stay where it is used.

Farmers, mechanics, railroadmen, laborers rely on Dr. Thomas' Electric Oil. Take the instant of course burns or bruises at once. Pain cannot stay where it is used.

Sold by St. Bernard Mining Co., Incorporated, drug department.

Americans Eat Much Meat.

Among the people of the earth, except those of Australasia, the Americans are the most liberal meat eaters.

The Call of the Blood

For purification fluids come in plain bottles, salves, ointments, and poultices on the skin—all signs of liver trouble. But Dr. King's New Little Jells make rich red blood; give health, skin, healthy cheeks, fine complexion, make children grow, and teach babies. Price 25¢ and free.

Sold by St. Bernard Mining Co., Incorporated, drug department.

5¢ Author's Maxim.

"A closer study of mankind is a bore; womanhood can't get it out."

Every family and especially those who reside in the country should be provided at all times with a bottle of Chamberlain's Liniment. There is no telling when it may be wanted or when it will be wanted.

It is most excellent in all cases of rheumatism, sprains and bruises.

Sold by St. Bernard, Mining Co., Incorporated, drug department.

Pretty Mean Trick.

A Chicago millionaire has published a volume decrying the value of education. Naturally a rich man has enemies, and some particularly bitter one must have inspired the writing of this book.

Chamberlain's Stomach and Liver Tonic assist in doing away with important organs of the system, insuring a free and regular condition and restoring the organs of the body to health and strength.

Sold by Jno. X. Taylor.

Safe Statement.

A scientist declares that in 13,000 years summer and winter on this globe will have changed places. Of course, he doesn't know anything about it, but there would be manifest difficulty in proving him wrong.

"Generally debilitated for years. Had sick headaches, lacked ambition, was worn out and often down. Burdock Blood Bitters made me well again."—Mrs. Chaef Frey, Memphis, Tenn.

Headquarters for Briquettas.
From 5,000 to 10,000 coal slack and pitch briquettas are manufactured and consumed in the city of Belfast, Ireland, each year.

Notice, Poultry Raisers.
Now is the time of year to feed your fowls a good tonic. R-41-14 eases Cholera, Roup, Gapes, Canker and Liniment. When fed as a preventive, it not only keeps the fowls healthy, but makes them lay. Price 60¢—No Cure, No Pay. Guaranteed by your supplier, St. Bernard Mining Co., Incorporated, drug department, Earlington, Ky.—Gardiner & Bowmer, Madisonville, Ky.

Try it under the guarantee. Ask for booklet on diseases of poultry. 11600.

European Infant Mortality.
In all European countries, only Holland has a lower rate of infant mortality than Great Britain.

Prompt relief in all cases of throat and lung trouble if you use Chamberlain's Cough Remedy. Pleasant to take, soothing and healing in effect.

Sold by Jno. X. Taylor.

Come to This Country to Study.
The number of foreign students in the United States is constantly increasing.

KILL THE COUGH AND CURE THE LUNGS WITH DR. KING'S NEW DISCOVERY FOR COUGHS AND THROAT TROUBLES.

GUARANTEED SATISFACTORY OR MONEY REFUNDED.

Producing Life or Death.
Heatsforth all nearcast guns of six-inch caliber and over, except mortars, will be provided with double tubes, so that, should the inner tube give way, the gun will still hold its position and outer tube take the enveloping jacket and hoops. This will permit the restoration at small cost of guns whose tubes give way, and will facilitate the rehabilitation of guns whose accuracy has been lost through erosion and wear of the bore.

Saved From the Grave.

"I had about given up hope, after nearly four years of suffering from a severe lung trouble," writes Mrs. M. L. Dyer, Clarksville, Tenn. "Often the pain in my chest was almost, if not most unbearable and I could do no work, but Dr. King's New Discovery has made me feel like a new person again. I have been able to walk for the throat and lungs." Obstructive coughs, asthmatic colds, hay fever, grippe, asthma, croup, bronchitis, whooping cough yield quickly to this wonderful medicine. Try it. 50¢ and \$1.00. Trial bottles free. Guaranteed by all druggists.

Good Substitute for Reality.
A New York woman who likes to have flowers in her windows but finds it impossible to have them in the city has a artificial ones made out of glass. The windows are high up above the street and the flowers are in colors to enable them to be seen more easily. The apartment house in which the woman lives is on Broadway, and the effect of the art is striking.

Farmers, mechanics, railroadmen, laborers rely on Dr. Thomas' Electric Oil. Take the instant of course burns or bruises at once. Pain cannot stay where it is used.

Farmers, mechanics, railroadmen, laborers rely on Dr. Thomas' Electric Oil. Take the instant of course burns or bruises at once. Pain cannot stay where it is used.

Unknown Eskimos.
There exists no connected account of the material culture of the great group of Eskimo dwellings around the Mackenzie River and the Arctic Ocean. Still more meager is the knowledge of which extinct Eskimo culture of which the sole witnesses are the ruins in the islands in the north Canadian archipelago; these islands form the most northern bridge between the western Eskimo and Greenland.

Labor-Saving Electricity.
A dreammaking establishment in Boston almost entirely operated by electricity has an electric cutter capable of cutting out 250 thicknesses of cloth at once.

A Knocker.
Is a man who can see good any good to go to? Is a rabbit caused by his disordered liver. If you find that you are beginning to see things through hazy spectacles, treat your eyes with a special eye salve produced by St. Bernard's Herbine. A sure cure for constipation, dyspepsia, indigestion, sick headache, giddiness, all liver diseases, heart trouble, etc.

Sold by St. Bernard Mining Co., Incorporated, drug department.

Showing World's Progress.

The average Frenchman of today can at a reasonable price have a better wine than the wealthy Frenchman of the fifteenth or sixteenth century, and this is made possible by the fact that wine is nowadays kept largely in bottles, while in the past only cans were used. Even at the table of Louis XV. wine was rarely served in bottles.

India's Cotton Cultivation.
The total area under cotton in India amounts to nearly 19,000,000 acres.

Worse Than Bullets.

Bullets have often caused less suffering to soldiers than the eczema. L. W. Harriman, Burlington, Vt., got in the army and suffered with 40 "bullet holes" in his body. Still cured me when all else failed," he writes. "Greater healer for sores, ulcers, holes, burns, cuts, wounds, piles, and piles 25¢ at all drug stores.

Cheap Railway Travel.

In the cities of Great Britain the population of which is 300,000 or more, the average rate of fare for street railway travel is 11 cents a passenger mile. In the cities of continental Europe the average rate is 25 cents per urban transportation to one cent a passenger mile.

Sold by Jno. X. Taylor.

President Roosevelt Says

that outdoor exercise is good for the American people. That's very well, but how can people get information following that advice? The answer is simple—read Chamberlain's Liniment and the price will go down.

Now Liniment and the price will go down; leaving us all else as a result. Gives quick and permanent relief from rheumatism, neuralgia, the back and all pains.

Sold by St. Bernard Mining Co., Incorporated, drug department.

Covered by Wolves.

A grim tale comes from Transylvania. While Baron Otto Orban, a Hungarian magnate, aged 76 years, was riding on his estate he was chased by hunger-pecked wolves. His horse ran him into a thicket and threw the baron over. He was devoured by the wolves. A bloody knife, found in the snow, indicates that he fought for his life.

MT. MCKINLEY

JOLTS COOK

The Alleged Ascent Discredited by Fairbanks Expedition.

Build Find Nothing to Agree with Cook's Maps and Dates.

Fairbank, Alaska, April 12.—The Fairbanks expedition to Mount McKinley, the tallest peak in North America, reached the summit April 8, after a climb of one month from the base, it was announced today. No traces of Dr. Frederick A. Cook's alleged ascent were found.

Thos. Lloyd, leader of the expedition, arrived here last night. His companions were Daniel Patterson, W. R. Taylor and Charles McGonigle, and all reached the top of the mountain.

The expedition, which left Fairbanks December 15, while the controversy over Dr. Cook's disputed ascent was still raging, was financed by August Petersen and William McPhee, of this city. The plan was to go into camp on the mountain as high as possible and make a dash for the summit.

The obstacles encountered were not so great as had been predicted. Four camps were established during the ascent, and a trail was blazed all the way. Up to 12,000 feet the climbing did not present unusual difficulties. For the next 4,000 feet the way led over a steep ice field, which at first seemed to forbid further progress, but through much upon exploration it was found possible to locate a path.

The final dash to the top was made from the 16,000-foot camp.

Mount McKinley terminates in two peaks of equal height one somewhat rounded and covered with snow, the other composed of bare and wind-swept rocks. On the rock peak the Fairbanks climbers placed American flag in a monument of stones.

The expedition, which was provided with Dr. Cook's maps and data, endeavored to follow the supposed route, but utterly failed to verify any part of his story of an ascent.

Bass Metals in Cologne.
The wear and tear of costume is delayed by the admixture of bass metal with the precious ones. In their pure state gold and silver are too soft to stand the usage for which metals are intended. Manufacturers of brass and gunmetal are able to effect very surprising results in alloys. They will produce bright and useful substances with the most unpromising material gathered from the old metal arcana.

Cold Cure.

Any cold can be cured in 30 minutes at least time if the following simple remedy is used promptly: Hot water, one pint; a spoonful of common wine drops. Mix well and drink or suck the whole of it as hot as can be swallowed. When through the cold in most cases will be gone. If not, repeat when the water and the air brook breathing deeply and the cold will vanish in a short time.

Value of Agitation.

Agitation is the method that plants the seeds by the side of the ballot box—Phillips.

If a man write a better book, preach a better sermon, or make a better mouse-trap than his neighbor, though he build his home in the wilderness, the world will make a beaten path to his door.

Emerson.
Men Who Decorated Room With Mine Certificates Finds Them Valuable.

"The Fighting Parson."

They say a play without a love story is uninteresting. "The Fighting Parson" has not broken the rule, for through the entire production a beautiful love story is told. Good substantial love of the lasting kind. This with the pathos and comedy has made "The Fighting Parson" one of the season's successes, and everywhere it has been produced met with instantaneous success from both an artistic as well as financial standpoint. The ministry recommends it because it teaches a moral lesson of right and wrong, yet does not offend the sensitive, but sends one home with a feeling of contentment for having seen it. Manager McGarry of the Temple Theatre, offers it to his patrons for their approval on Tuesday, April 19.

Old Castle Garden.

Only old New Yorkers know that there used to be an island 200 feet off the Battery, and that it was formerly a part of Manhattan. The island was connected with the mainland by a drawbridge. When the waterway was filled in the island became a part of the Battery and was known as Castle garden. As everybody knows, it is now the Aquarium. —New York Press.

Sees Always the Bright Side.

We must somehow get joy out of the pain of life. We must see the beauty and the wonder of the world之美。We must admire the evil as the admiring the good. We must pick the durt with the honest that we pay the heavens. We must realize the sweet in struggle, in defeat, in death.

Easy Going.

"Study history, son," advised old Mr. Potomac. "There you may see how Hannibal was the Turenne of his times, and that Turenne was the Hannibal of his times. This sort of stuff requires no effort and provides your writing with a wise air."

seen inconveniences.

Be true to yourself and the world will be true to you. Whatever you say, write or do, stamp it with your own individuality—grapple fearlessly with your own ideas, express your thoughts and do your work in your own way.

Americans the Only Consumers.

At one of the most important groceries in Hamburg they think they are doing well to dispose of 30 or 40 pounds a month of sweet potatoes to residents Americans.

Kept Up with the Progression.

A Special Order.

Divorced Woman—I like that doll very much, only I wish you could arrange it so that instead of saying papa and mamma, it would only say mamma.

Spanish Idea of Civic Duty.

Voting in Spain is held to the duty of the community, not merely a privilege of the individual, and neglect of civic obligations carries its own penalty.

Aluminum Paper.

Aluminum paper, a cheaper substitute for tin foil, is made by pressing the powdered metal into a thin coating of resin on parchment-like paper.

Atlantic Also "Western Ocean."

It is a curious fact that sailors of the English speaking nations often speak of the Atlantic as the "western ocean."

FORTUNE IN WALL PAPER.

The Louisville & Nashville railroad intends to build, with other work, some additional freight-yard tracks at Paris, Ky., probably by the company's own forces. W. H. Courtney is chief engineer at Louisville, Ky.

The Lexington & Eastern Railway, it is reported, will build an extension from Jackson along the north fork of the Kentucky River to the mouth of Quicksand Creek east of Jackson. John Marston, Jr., is chief engineer at Lexington, Ky.

The Wasooto & Black Mountain Railroad Co., it is reported, has let another contract to the Callahan Construction Co. of Knoxville, Tenn., this being for 27 miles of line from the mouth of Poor Fork to Lums Creek, and including about 500,000 cubic yards of excavation, a tunnel 700 feet long, besides masonry and concrete work; the same contractor is already working on a 24-mile contract from Toms Creek to Harlan, Ky.

As a mural decoration the stock was worth \$100.

Yesterday he was informed that proclaim day of rare quality had been discovered on the mine site, and that his certificates in consequence are worth a fortune. Brink promptly水ed his stock—that is, he soaked it, and the certificates peeled off nicely. His walls are now bare, but he says he will remedy that at once.

Cooperstown, N.Y.

New York City is the only city in the world where the restaurants provide the native dishes of every land. A Spaniard, Norwegian, Chinaman or Scotchman finds no difficulty in getting his home cooking.

Varying Wood Consumption.

In Germany 37 cubic feet of timber per capita is taken annually from her forests; France is able to get along with but 25 cubic feet; while in this country the consumption is 250 cubic feet per capita.

Looking Backward.

Are those among us who are comparatively young can remember when only one or two of the railroads had fourth vice-presidents.

Reformation.

You used to be an awful spendthrift. "Yes, but I ain't any longer." Ah! Reformed?" "No—I spent it all."

Retirement.

He disengaged from a grocer's tub did that pestiferous old tub, they called Dogenes. He argued with the other men and stole some codfish now and then, or swiped the grocer's cheese.

Dogenes Modernized.

ORDINANCE.

Whereas, Wm. Bradley, city marshal, has appointed Jas. Kilroy, W. A. Rutledge, D. B. Griffin, T. C. Todd, R. N. Clark, P. E. Hawkins, Jno. Morgan, Geo. W. Wilson, Henry W. Rogers, Chess Bradley, Wm. Burnes, Jno. T. Barnett, J. H. Corbett as deputy marshals, now the City Council of the city of Earlington, Ky., do ordain as follows:

That the said appointments and each of them be and they hereby approved.

Attest:

JAS. R. RASH, Mayor.

PAUL P. PRICE, City Clerk.

Earlington, Ky., April 4, 1910.

When Candy is Good for a Child.

The average weight of candy is equivalent in weight of two or three jumps of sugar after his mid-day meal. This, however, about not be given him unless other proper foods, in sufficient quantity, are eaten, and about half an hour before bed time. Butterflies and molasses candy, made at home of pure materials, are especially to be recommended, and may be considered valuable articles of food.—Jean Williams, M.D., in Woman's Home Companion.

Lost Bread.

It is perhaps worth recalling that in the art of baking loaves came to Europe with the Romans. But cakes were baked even in the earliest times, but as late as the beginning of the nineteenth century, loaf bread was comparatively unknown in many parts of the continent. In 1812, for instance, when the English census ordered the value of £1 in bread, the baker stipulated for payment in advance on the ground that he would never be able to sell than in the city if they were left on his hands.—London Chronicle.

As It Looked to Her.

To my little daughter of the dawn of each new day was a constant marvel and surprise. Going to an east window, she would look out quickly and exclaim: "Mamma, there is a baby fort, and when he awoke went to the window she cried in great alarm: "Come, quick! Come, quick!" The sky's coming down the road!—Woman's Home Companion.

Voting Under Difficulties.

Before the advent of the railroad the polling in some English constituencies occupied as much as 14 days. In the Buckinghamshire election of 1784, for instance, there was only one place for voting—Witney—and voters had to be brought in from places as much as 25 miles distant.

Exonerating the Hookworm.

"My suspicion is," said Uncle Ebenee, "dat some hook worms ketch der laikness fum de folks dey been travellin' with."

MATERIALS FOR GAS MAKING.

<p

A Storekeeper Says:

"A lady came into my store lately and said: 'I have been using a New Perfection Oil Cook-Stove all winter in my apartment. I want one now for my summer home. I think these oil stoves are wonderful, comfort they are, they would all have on a spot along the coast a lot of my friends and they were astonished. They thought that there was smell and smoke from an oil stove, and that it heated up like any other stove. I told them of my experience, and one after another they got one, and now, of one of them who gave her up, she still thinks it's the best."

The lady who said this had thought an oil stove was all right for quickly heating milk for a baby, or boiling a bath, or water, or to boil coffee quickly in summer, but she was never dreamt of using it for difficult or heavy cooking. Now—she knows.

Do you really appreciate what a New Perfection Oil Cook-Stove can do? No more coal to carry, no more caring to the stove, no more smoke, no more heat lost. Light a Perfection Stove and immediately it begins to heat. It is so safe, it heats up to the bottom of an pot, kettle even. But the room isn't heated. There is no smoke, no smell, no smokestack, no chimney, no kitchen where one of these stoves is used.

New Perfection WICK FLAME Oil Cook-stove

It has a Cabinet Top with a shelf for keeping plates and food hot. The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinets.

MINING NOTES.

Thos. N. Black, of Shamrock, spent Monday in the city on business.

Thos. O. Long left Monday for Webster County to inspect the mines in that county.

Jno. Carroll, mine superintendent of the mines at Circle City, was in the city during the shut down in those mines.

M. B. Rix is weighing coal at No. 9 mine during the absence of Jno. M. Hogan, who is in New Orleans this week.

A good many miners from the Indiana and Illinois coal fields are visiting friends and relatives in the city during the shut down in those mines.

Thos. O. Long has a new gas miner's lamp which throws up light a great distance and is worn on the head as the oil lamp. The cost of these lamps is cheap and enough carbide can be carried to last for some time. It has a storage capacity for eight hours and is the first ever seen in Earlinton.

True Courage.

The miners, filled with hope of experiencing fear of punishment, experience of success, on rage, or on ignorance of danger, is but common bravery, and does not deserve the name. True bravery proposes a just end; measures the dangers, and meets the result with calmness and undivided decision.

Good Reason.

"I suppose you all drink a toast to your health?" "No, we eat that out." "Why, I am sure it was on the preface to the last toast." "What was the speech?" "It was the last toast, and we ate out." "But why?" "Well, you see, it was to have been drunk, shouting." —Houston Post.

Extract a Cork.

Take a piece of string that will bind some strain, fold it to form a loop, insert it into the bottle, shake the cork into the loop and pull. Out goes the cork! Should the bottle contain anything, simply fit, remove the cork and refill.

Sense of Honor.

The sense of honor is of so fine and delicate a nature that it is only to be met with in minds which are naturally noble, or in such as have been cultivated by great examples or a refined education.—Addison.

Dated Sandwiches.

The dated sandwich is an innovation in the railroad station restaurant service.

Wage Warfares on Sparrows.

An English agricultural society has a sparrow extermination fund.

Cooking Note: Be sure you get this stove—see that it has name plate reading "New Perfection".

COMPARES KENTUCKY WITH PROHIBITION MAINE

Gov. Wilson Tells New Yorkers of Our 107 Dry Counties.

New York, April 12.—Kentucky's fame as the land of the mint julep will soon be thing of the past, according to Governor A. E. Wilson, who is in New York to attend the annual banquet tonight of the Kentucky Society of New York. The prohibition wave has struck the Commonwealth long noted for its good whisky, he says, and will wash the entire State is now dry.

"There is really no State in the Union," said Governor Wilson, "where more good whisky is made and less drunk. There are 107 dry counties in the State and on the whole the laws are rigidly enforced. I will wager that there is less drinking in Kentucky than in the prohibition State of Maine."

Singing and Ootor.

"I had a 'rave'—Rev. MacLean once confessed to an interviewer, "I should be singing in 'Carman' instead of making speeches from the treasury bench. But, unfortunately, the British public thinks a great deal more of a man who can make a bad speech than a man who can sing a good song"—Westminster Gazette.

Curiosity on the Farm.

A little girl of the electric lighted place went to her grandfather's farm to spend the summer. She saw an unfamiliar animal on one of her walks and ran to the house very much frightened. "I don't know if it was a snake or an owl," she said, "but it was running crooked and spit fire, and I guess it was a griffin."

Good Will.

Good will is at work, and it is making things better, in spite of the prevailing social philosophy. It is gaining ground, and now, in every public gathering, half-breathless recognition as we give it, good will is making things better.—Dr. Washington Gladden.

Home Belongs to Liverpool.

The first school for the blind in the world was established at Liverpool in 1791.

Measurements made in London schools prove that the children of the well-to-do are better grown for their age than the children of the poor.

Men.

Men of lesser mind manifest them selves in their equitable dealing; small minded men in their going after gain.—Confucius.

Tributes to Patience.

Patience is the strongest of strong bonds, for it kills the giant Despair.—Douglas Jerrold.

High Speed Telegraphy.

In a recent test of a new German high speed telegraph apparatus 2,900 distinctly recorded words were transmitted 430 miles in five minutes.

In French and German.

The French call our country "Ets," but Vereinigte Staaten is the German rendering of the same name.

Uncertainty.

Gwenhodred (nearly shocked)—"Oh mother! Baby's speaking to all sorts of people he doesn't know!"—Punch.

State of the Speed Maniac.

Fly-his-sins-on-earth—The speedster, who is always in full, internally there, shaves at the rate of 10,000 feet a second. "Now," he said, "that beats joy riding all hollow."

The Philosopher of Folly.

"The best time to make a pessimist acknowledged that he was wrong," says the philosopher of folly, "is when he has finished his coffee noir and is lighting his cigar."

French Scientific Discovery.

The wave forms of electrical currents have been made visible by a French scientist by means of an adaptation of a mirror galvanometer.

Proud Man's Vain Wish.

"I wonder why so many business men marry their 'sternographers'—Probable under the mistaken idea that they will be more likely to them after marriage as they did before."—Birmingham Age-Herald.

Power of the Turbine.

The turbine derives its power from the expansive expansion of steam, as in cylinder engines, but from its momentum, impinging at high velocity on vanes attached to the revolving shaft.

Knowing Girls.

Some fellows think they know almost as much about girls as the inventor of ice cream soda did.—New York Times.

Uncle Ezra Says:

"It's a mighty poor man who says let his roof go unshingled because his ayers will git to Heaven easier."

Busy English Factor.

Factories in England use more than one-fifth of the coal produced.

G. S. CRENshaw, Clerk.

Visiting members are cordially invited to attend any of these Lodges.

The ways of Men.

Many a man who would be fit to find the family Bible if he hunted all day would have no difficulty in putting his hand on the corner of the book.

Fatal Lack of Sense.

Few greater misfortunes could befall a man than to be dead to the beauty of his surroundings.—Thomas Davidson.

A Missouri Purist.

An Atchison woman says she heard a Missouri schoolteacher say to a pupil: "Don't say 'taint'! There ain't no such word!"—Kansas City Star.

The Taste of Sobor Thought.

If an idea seems so brilliant as you amok your good night cigar still looks good when you crawl out in the cold the next morning. There's usually something in it.—Kansas City Star.

COLORED COLUMN

S. R. DRIVER, EDITOR

Goodrich for photographs.
Mrs. Roxey Radford is quite sick at this writing.

There were fine services at the Baptist church Sunday.

Don't forget the rally on the fourth Sunday at Hecla.

Rev. P. H. Kennedy passed through last Wednesday, en route Henderson.

Wash Hines was suddenly called to Olmstead to attend the funeral of his daughter.

The Knights of Friendship will again begin their weekly drill, much to the delight of all.

J. E. Killbrew has been elected a delegate the Odd Fellows District Grand Lodge, which convenes at Frankfort in July.

The Zion church has not appointed their correspondent yet, hence we have trouble in writing the news for that church.

George Amos had the misfortune to sprain his foot very badly last Sunday, on account of which he is confined to the house.

Joseph Williamson had the misfortune to break himself very badly while running his machine, during the early part of the week.

Mr. and Mrs. Whitney Eaves with to extend their hearts thanks to everyone who so patiently stood by them in the hour of their affliction.

The Church Aid Society will give an entertainment Friday night at

the old Baptist church, at which the delicacies of the season will be served.

Rev. H. Amos has accepted a call to one of the Baptist churches at Paducah. The church has made a great gain as the Rev. is a notable preacher.

Our sick this week are: John Feely, Mrs. Mary Dunlap, Mrs. Williams, and grand child, Alissa, and the infant of Mrs. William M. Gary, is very sick.

The C. M. E. Church had very good exercises last Sunday. Rev. G. W. Gladish was elected delegate to the Epworth League Convention, which will convene at Madisonville in May.

If you want to earn a little extra money, get the little folder at The People's Bank and see how one colored man has saved over \$200.00 and did not go hungry either.

Remember the rally at Baptist church next Sunday, April 17. We will have Rev. Whitehead and his congregation from Madisonville, Hecla Baptist church, Rev. Fortune, and his congregation, Rev. Garrett, and the C. M. E. congregation. All moneys raised will be placed on the building fund. Each and all are cordially invited to be with us. There will be three services. We ask that each member do his duty.

Love Versus Passion.

Love and passion are too often mixed, taken, for they are in reality distinct. Love elevates, passion degrades; love enlarges the heart, passion shrinks it. Love is entirely free from the taint of passion and is as rare as pure charity.—Home Notes.

B. M. SLATON, Undertaker MADISONVILLE, KY.

THE - BEST - TELEPHONE - SERVICE

LOOK HERE, MR. FARMER!

Note that the Cumberland Telephone & Telegraph Company, Incorporated, is offering you an ideal proposition for telephone service. Using our service you have advantages over all others. Our rates are the lowest in the country. The advantages of telephone service in your residence are too numerous to mention; these would be daily communication with the market, obtaining information concerning the weather, calling your relatives, friends and relatives. All these advantages and pleasures are more than worth the price you would pay for the service.

Literature and information furnished by calling on our manager, Fred Dean.

CUMBERLAND TELEPHONE & TELEGRAPH CO., Incorporated
